

**Walailak University Regulation**  
**On Provisions of Study, Training, Educational Visit and Conducting Research**  
**B.E. 2564**

.....

Whereas it is appropriate for Walailak University to revise its regulations to suit the current situations for pursuance of study, training, educational visit and conducting research for the university staff in order that they are well-prepared before performing their study, training, educational visit and conducting research, which could lead to such mission's achievement within the time specified by the university.

By virtue of section 16 (2) and (10) of Walailak University Act B.E. 2535, and Article 41 of Walailak University Regulation on Personnel Management B.E. 2561, by and with the consent and resolution of Personnel Management Committee Meeting No. 6/2020 dated 17 September 2020 and No.1/2021 dated 14 January 2021, the Walailak University Council Meeting No. 1/2021 dated 13 February 2021, the Walailak University Council hereby enacts this regulation as follows:

1. This regulation hereafter referred to as “Walailak University Regulation on Provisions of Study, Training, Educational Visit and Conducting Research B.E. 2564”.
2. With this announcement, the former regulations on the same title issued in B.E. 2545 has been repealed and be replaced with this regulation.  
Any existing regulations, announcements, mandates, or any other relevant documents in conflict with this new regulation become void and terminate.
3. This regulation shall come into force on and from the day following its announcement.
4. This regulation shall not apply to the staff who has been assigned by the university to pursue trainings, educational visits or carrying out research.
5. Use of terms in this regulation:

“University”	means	Walailak University
“Personnel Management Committee”	means	Personnel Management Committee of Walailak University
“Personnel Development Committee”	means	Personnel Development Committee of Walailak University
“President”	means	President of Walailak University
“Work Units”	means	Schools, institutes, centers, or equivalent
“Staff”	means	University staff, contract staff, contract academic staff
“University Staff”	means	Staff who have been appointed under Walailak University Regulation on Contract Academic

			Staff Employment B.E. 2561 or its revised editions
“Contract Staff”	means		Staff who have been appointed under Walailak University Regulation on Employment Criteria, Job Performance Appraisal for Employment Contract Renewal and Determination of Academic Staff B.E. 2561 or its revised editions
“Contract Academic Staff”	means		Academic staff who have been appointed under Walailak University Regulation on Contract Academic Staff Employment B.E. 2561 or its revised editions
“External Person”	means		Individuals, or non-university personnel who have been awarded scholarships from external funding agencies or university scholarships to pursue study with an agreement to work for the university after a study completion
“Study”	means		The act of learning and acquiring knowledge or research to pursue degree or professional certificate, including language training, orientation course, training course, educational trip which are a required or a post-study part.
“Training”	means		The act of learning and acquiring knowledge, professional skill, and experience by learning, research, training, seminar without degree or certificate, including language training, orientation course, training course, educational trip which are a required or a post-training part.
“Educational Visit”	means		Acquiring knowledge or experience by observing or exchanging knowledge during the trip.
“Conducting Research”	means		The act of carrying research to obtain its findings for the benefit of the work unit or the university or publication in international journals as specified by the university. It excludes the research which is a part to fulfill degree or training requirement.
“Graduate Diploma”	means		A program taken after completion of a first degree which focuses on the academic and professional development for better performance.
“Higher Graduate Diploma”	means		A program taken after completion of a second degree which focuses on the academic and

professional development for better performance.

“Scholarship” means Subsidy for the expenses for studying, training, and educational visit or conducting research, and costs of living during the period of study, training, and educational visit or conducting research, including expenses for transportation, allowances and accommodation.

6. The president of Walailak University is in charge of executing this official regulation and shall have authority to issue any announcements or ordinances to execute this regulation. In case of any conflicts, the president shall have authority to make a final decision.

For some reasonable cases and ultimate benefit of the university, the president shall have authority to exempt an execution to this regulation on case-by-case basis, with the consent of Personnel Management Committee and thereafter report to Walailak University Council.

7. The President or authorized Vice-President shall approve the leave for further study, training, educational visit and conducting research determined in this regulation.

## Section 2

### General Provision

8. The university classifies the scholarship into three following categories:

(1) University Scholarship refers to:

- (1.1) Full scholarship provided by the university with the specified rates of subsidy payments including salary payment during the period of study, training, educational visit or conducting research
- (1.2) Partial scholarship provided by the university with the specified rates of subsidy payments including salary payment during the period of study, training, educational visit or conducting research
- (1.3) Salary-subsidized scholarship, only salary is provided during the period of study, training, educational visit or conducting research  
For external persons, the university shall provide only scholarship subsidy with no salary

(2) Scholarship granted by an individual, juristic person, Thai or foreign governments to the university

(3) Scholarship directly granted by an individual, juristic person, Thai or foreign governments to the university staff or external persons to pursue study, training, educational visit or conducting research.

Provided that the university staff or external persons have been granted the scholarship as in (2), such scholarship shall be deemed as the university scholarship.

(4) The university staff who have been granted the scholarship as in (3) or staff who bare their own cost and expense to pursue study, training, educational visit or conducting research, if salary, remuneration or other subsidies are still paid for such staff, it is deemed that the amount paid by the university is the university scholarship.

9. The following criteria shall be considered before the approval of study, training, educational visit and conducting research to the university staff or external persons:

(1) The needs and requirements of the university to produce competent and high-skilled professionals in the specific fields and meet directly with the responsible duties. The certain project proposal or action plan of study, training, educational visit and conducting research assigned to the staff or external persons must be determined in advance of the pursuance of such actions.

(2) The university shall award the scholarships to the staff or external persons to pursue study in shortage disciplines or crucial areas, or levels of knowledge required by the work units or university.

(3) The absence of the staff who are away to pursue the said missions shall not affect the overall achievement of work units and the university. In other words, the rest of manpower must be adequate with no extra position required.

(4) The prospective institutions for study or training must be well-known and accepted by the university.

(5) Other relevant cases shall be stipulated by the university.

10. The president of Walailak University shall appoint Personnel Development Committee comprises the following persons:

(1) President	Chairman
(2) Vice-President assigned by the president	Vice-Chairman
(3) Maximum of two Vice-Presidents assigned by the president	Committee Member
(4) Maximum of three Head of Work Units assigned by the President	Committee Member
(5) Director of Division of Human Resources and Organization	Committee Member and Secretary
(6) Administrative Officer assigned by HRO Director	Assistant to Secretary

11. Responsibilities of the aforementioned committee are:

- (1) Prioritizing the disciplines for staff or external persons to pursue study, training, educational visit, or conducting research based on urgency and university's crucial needs for projects planned or missions;
- (2) Scrutinizing relevant announcements or regulations to implement this regulation, and proposing to the president for signing;
- (3) Appointing committee or sub-committee to perform duties in relevance to this regulation;
- (4) Proposing to the president for his approval/disapproval of staff or external persons' pursuance of study, training, educational visit, or conducting research;
- (5) Proposing to Personnel Management Committee for consideration of its consent of scholarship compensation reduction or cessation, or reduction or cessation of compensatory penalty payment for staff or external persons who have been awarded the scholarship as in Article 8 (1) and are unable to compensate the scholarship;
- (6) Performing other duties assigned by the president

12. When the meeting is called, the majority of Personnel Development Committee members shall attend the meeting to form the quorum.

At every committee meeting, the chairman of the committee shall preside as chairman of the meeting. If the chairman is not present at the meeting, the vice chairman of the committee shall preside. If the vice chairman of the committee is not present at the meeting, the present committee members shall choose one of their members to be chairman of the meeting.

At every committee meeting, where one agenda for consideration of the meeting is relevant to one of committee members and he/she is an interested person, he/she shall not be able to attend such meeting. It is deemed that the Personnel Development Committee consists of every committee members who has rights to attend meetings.

Each committee member presents and votes at a meeting shall have one vote on each matter and only majority vote is accepted. If there is an equality of votes, the chairman must decide the question by using a casting vote.

## **Section 2 Provision of Study**

13. The university determines the following maximum lengths of study:

(1) Doctoral Degree:

(1.1) The maximum of three years or not exceed the scholarship duration specified by a source of funding or training period for professional certificate, depending on circumstances

(1.2) The maximum of five years for master's and doctoral degree

To pursue a doctoral degree level, the university requires its scholarship grantee to study abroad or at the university EXCEPT if a prospective program of study has not been offered by the university or to pursue study at a partner institution where the university has an academic collaboration with.

(2) Master's Degree: The maximum of two years or not exceed the scholarship duration specified by a source of funding

(3) Graduate Diploma or Higher Graduate Diploma or other levels of study: The maximum length of study shall be determined by the university regulation or a permission of Personnel Development Committee.

In the case of study extension, termination, or other relevant conditions, a scholarship grantee must comply with the university regulation or the president's permission.

14. The eligible staff for this study provision must have/be:

(1) a staff member aged not over 40 years old (count to the approval date).

(2) been working at least one year at the university.

(3) a staff member holding at least an assistant professorship before the approval date EXCEPT in the case that such staff is pursuing the shortage disciplines or crucial areas specified in the university strategic plan by Personnel Management Committee (and thereafter enact in the university announcement), the academic title condition will therefore be an exemption.

In case that the scholarship grantee is a supporting staff, he/she must hold at least a Professional Level before the approval date EXCEPT in the case that such staff is pursuing the shortage disciplines or the crucial areas specified in the university strategic plan by Personnel Management Committee (and thereafter enact in the university announcement), the staff's position rank condition will therefore be an exemption.

(4) a minimum score of an English Language Proficiency Certificate determined by the university or third language of an overseas destination university

(6) an invitation letter or acceptance letter from a destination university/institute

(6) a scholarship certificate or an evidence obtained from a source of funding, identifying scholarship type, amount and duration.

(7) a certain research title, proposal, and action plans relevant to prospective discipline

(8) a good physical and mental health certified by a physician of a public hospital

(9) not in the process of disciplinary procedures, investigation, being an accused and defendant in a criminal case except for the petty offences

(10) submit an approval to the supervisory School at least one year in advance

(11) other qualifications specified by the university

There are exemptions as stated in (2), (3), and (10) for external persons.

The Personnel Development Committee shall have an authority to approve ineligible staff for this provision with reasonable reason on case-by-case basis.

Any future revisions of the aforementioned provisions shall be made in the form of university announcement.

15. The university staff or external persons who have been approved to pursue study shall not be able to amend the duration of study, institution, program of study, or project proposal from the previous approval EXCEPT there is a permission to do so from the authorized person as in Article 7. However, the process of permission must not take longer than 15 working days after the official endorsement and submission for approval from a supervisory School or work unit.

16. The university staff or external persons who have been approved to pursue study are required to submit a study progress report every semester together with underlying problems and obstacles incurred to their supervisors for further submission to the management committee of the work unit to process the following actions:

(1) analyzing the study result, problems and obstacles

(2) providing recommendations, counselling for better study performance, and providing solutions for such problems

(3) reporting the study result to the president within 7 working days after the work unit committee's meeting

In the case that staff returns to work in spite of incompleteness of the study, he/she must write a report providing the study result with a certain action plan of study while working. The report must be submitted to the supervisor and to the work unit committee for consideration and recommendations of the action plans, proper teaching workload to suit his/her study plan and thereafter report to the president.

Failure to comply with the abovementioned statements, the university shall proceed disciplinary misconduct procedures and for external persons, the university shall not accept such persons to work at the university.

17. When the approved study duration is expired, the staff must report for work at the university within the followings deadlines:

(1) within 3 days from the expiry date for domestic study

(2) within 10 days from the expiry date for overseas study

When the staff return for work, he/she is required to report his/her study result to the supervisor within 30 days, and then the supervisor shall formally inform the president.

For an external person, after graduation, he/she is required to report his/her returning and provide the study report to the supervisor at original affiliation within the aforementioned deadlines.

18. The staff who failure to report for work after his/her returning within the deadlines as in specified in Article 17, the president shall have authority to dismiss or terminate an employment contract and thereafter he/she must recompense money, as specified in this regulation, for the university or the source of funding.

Whoever not reports his/her study result within the deadlines as in Article 17, the university shall proceed the disciplinary misconduct procedures against such staff.

For external persons who fail to comply with Article 17, the university shall not accept him/her to work at the university and deem that he/she does not work for the university. Thereafter, such person must repay money, as specified in this regulation, to the university or the source of funding.

### **Section 3**

#### **Provision of Training, Educational Visit, and Conducting Research**

19. The provision in this section shall apply solely for the university staff, does not entitle to external individuals.

20. Maximum Length of Duration for Training, Educational Visit, and Conducting Research

(1) Conducting Research: the maximum of one year or other length as approved by an authorized person in Article 7

(2) Educational Visit and Training: the maximum length as approved by an authorized person in Article 7

The extension of length in this provision or other relevant issues shall be done in compliance with the university announcements or the president's approval.

21. The eligible staff for the said provisions must have/be:

**(1) For Conducting Research:**

(1.1) adequacy of work duration; after completing research, he/she must have an adequacy of service duration to work as recompense for the university scholarship; the completion of such service must not beyond his/her retirement.

(1.2) been working at least one year at the university.

(1.3) a minimum score of an English Language Proficiency Certificate determined by the university or third language of an overseas destination university EXCEPT for those who graduated from English native countries, or studied in the program using English as a medium of instruction or in an international program.

(1.4) an invitation letter or acceptance letter from a destination university/ research institute

(1.5) a scholarship certificate or an evidence obtained from a source of funding, identifying scholarship type, amount and duration.

(1.6) publications in international journals

(1.7) a certain research proposal and action plans

(1.8) good physical well-being and good health certified by a physician of a public hospital

(1.9) not in the process of disciplinary procedures, investigation, being an accused and defendant in a criminal case except for the petty offences

(1.10) submit an approval to the supervisory School for research sabbatical leave at least one year in advance

(1.11) other qualifications specified by the university

**(2) For Conducting Post-Doctoral Research**

Regulations for this provision shall be done in compliance with the university announcement.

**(3) For Training or Educational Visit**

(3.1) After completing training/educational visit, a scholarship grantee must have an adequacy of service duration to work as recompense for the university scholarship; the completion of such service must not beyond his/her retirement.

(3.2) The eligible staff for overseas training provisions must have/be:

(3.2.1) been working at least one year at the university.

(3.2.2) a minimum score of an English Language Proficiency Certificate determined by the university or third language of an overseas destination university EXCEPT for those who graduated from English native countries, or studied in the program using English as a medium of instruction or in an international program.

(3.2.3) an invitation letter or acceptance letter from a destination university/research institute

(3.2.4) a scholarship certificate or an evidence obtained from a source of funding, identifying scholarship type, amount and duration.

(3.2.5) good physical well-being and good health certified by a physician of a public hospital

(3.2.6) not in the process of disciplinary procedures, investigation, being an accused and defendant in a criminal case except for the petty offences

(3.2.8) other qualifications specified by the university

(3.3) For the provision of educational visit as a part of study or training program, it shall be deemed as the study or training provision, therefore, the eligible staff must have qualifications as stated in Article 14 except (3) and (7) or 21 (3), depending on circumstances.

(3.4) Other qualifications specified by the university

The Personnel Development Committee shall have authority to approve ineligible staff for this provision with reasonable reason on case-by-case basis.

Any future revisions of the aforementioned provisions shall be made in the form of university announcement.

(22) Provided that the university staff who had been approved under the provisions of training, educational visit, or conducting research, he/she shall be able to re-apply for such provisions but under the following criteria:

(1) He/she possess the qualification as specified in Article 21.

(2) He/she has completed the duration of work as recompense for the university scholarship, if not, it is required to complete such reparation for at least one year.

(3) He/she has submitted for academic promotion or career advancement in professional, expert, or senior expert levels (as stipulated by the university) before submission for approval of this provision.

(4) He/she is inapplicable to apply for any other university scholarship supports.

(5) Other qualifications specified by the university.

The Personnel Development Committee shall have authority to approve ineligible staff for this provision with reasonable reason on case-by-case basis.

Any future revisions of the aforementioned provisions shall be made in the form of university announcement.

23. The university staff who have been approved for this provision shall not be able to amend the duration of training/educational visit/research as well as its venue and training approach from the previous approval EXCEPT there is a permission to do so from the authorized person as in Article 7.

24. When the approved duration of this provision is expired, the staff must report to work at the university within the followings deadlines:

(1) within 3 days from the expiry date for domestic training, educational visit, or research

(2) within 10 days from the expiry date for overseas training, educational visit, or research

Once the staff returns to work, he/she is required to report his/her training/educational visit/research performance result to the supervisor within 30 days, as well as to disseminate knowledge gained from such provision to teaching staff inside and outside the university for further implementations, and then the supervisor shall formally inform the president.

25. The staff who fails for report to work after his/her returning within the deadlines as specified in Article 24, the president shall have authority to dismiss or terminate an employment contract and thereafter he/she must recompense money, as specified in this regulation, for the university or the source of funding.

Whoever not reports his/her training/educational visit/research performance result within the deadlines as specified in Article 24, the university shall proceed the disciplinary misconduct procedures against such staff.

#### **Section 4 Procedures and Methods of Approval**

26. The university stipulates the following procedures and methods of approval of study/training/educational visit/conducting research to its staff:

(1) An eligible individual submits the requirement and project proposal for study/training/educational visit/conducting research and expected benefits to his/her supervisor.

(2) The supervisor proposes such staff requirement to the work unit committee for considerations of necessity, urgent requirements of the work unit, program or field of study/training/educational visit/conducting research, beneficial to the work unit and university. The committee shall stipulate action plans, project or other provision for such staff to conduct when returning to work at the university. Other qualifications such as conduct and behavior, morals and ethics shall be coincidentally considered.

The work unit committee shall not approve its staff members for this provision in the cases that such staff has inappropriate conducts, behaviors, morals, and ethics or such work unit lacks of manpower, or other reasonable causes determined by the committee that the requirement should be disapproved.

(3) The work unit submits the requirement of an eligible individual to supervisory vice-president and then proposes the requirement to the Division of Human Resources and Organization for further consideration of Personnel Development Committee.

(4) The president or authorized vice-president considers approving such requirement.

(5) After approval, the individual staff shall be entered into a contract or contract agreement and endorsement.

The procedures and methods of approval for external persons to this provision shall be in compliance with the university announcement or resolution of Personnel Development Committee.

### **Section 5 Salary, Allowance, and Remuneration Payments**

27. The staff who has been approved for the provision of study/training/educational visit/conducting research shall be paid salary on the rate before the date of approval throughout the leave period.

28. The staff who has been approved for the provision of study/training/educational visit/conducting research of over three month duration are not entitled to receive academic allowance and other special allowances throughout the leave period.

### **Section 6 Contract Agreement and Scholarship Reparation**

29. The university staff or external persons who have been approved for this scholarship provision as specified in Article 8 are required to enter into a contract and its endorsement and it is required to have contract guarantees as determined by the University.

30. The university staff who has been approved for this scholarship provision as specified in Article 8 shall comply with the following conditions:

#### **(1.) In case of incomplection or cessation of study**

(1.1) The employment contract of contract staff or contract academic staff shall be terminated.

(1.2) Such staff shall be dismissed.

The staff in (1.1) and (1.2) must recompense for the university a double amount of salary and other financial supports totally received from the university as a penalty payment. If a scholarship grantor is an external source of funding, the scholarship penalty payment shall also be made.

In the case that the incomplection or cessation of study happens under an unavoidable situation such as an illness or accident (with health certificate), or a member of staff family has a severe health problem and consequently need a close attention from such staff or other reasonable cases approved by Personnel Development Committee, the penalty as specified in (1.1) or (1.2) shall be exempted. However, such staff must work in reparation for the scholarship received from the university or other source of funding during study and not less than double duration of receiving salary, scholarship or other support money. In the case that aforementioned work duration for reparation cannot be completed, such staff shall repay the rest of the monetary amount of an incomplete period instead plus penalty payment. In the case that such staff is unable to provide reparation work, he/she must immediately repay monetary amount as specified in a scholarship contract to the university or other source of funding. The total amount of payment must not less than double amount of support money received from the scholarship grantor throughout the absent duration to pursue such provision as a penalty payment.

For external persons who are unable to complete study, the relevant penalty shall be enacted in compliance with the university announcement on scholarship contract and requirement of funding source

**(2) In case of completion of study**

(2.1) The university staff or external persons must work in reparation for the scholarship received from the university or other source of funding during study and such duration must not less than double duration of receiving salary, scholarship or other support money.

In the case that aforementioned work duration for reparation cannot be completed, such staff or external persons shall repay the rest of the monetary amount of an incomplete period instead plus reducible penalty payment.

In the case that such staff or external persons are unable to provide reparation work, he/she must immediately repay monetary amount to the university or other source of funding as specified in a scholarship contract. The total amount of payment must not less than double amount of support money received from the scholarship grantor.

(2.2) The university staff must have been appointed associate professorship within 5 years after graduation EXCEPT for the staff pursuing the shortage disciplines or crucial areas specified in the university strategic plan by Personnel Management Committee (and thereafter enact in the university announcement) and not holding assistant professorship before studying, he/she must submit for assistant professorship promotion within 2 years after graduation.

Supporting staff must have been appointed to an Expert Level within 5 years after graduation EXCEPT in the case that such staff is pursuing the shortage disciplines or crucial areas specified in the university strategic plan by Personnel Management Committee (and thereafter enact in the university announcement) and not holding a Professional Level, he/she must submit for an Expert Level promotion within 2 years after graduation.

In the case that the university staff or external persons who are under the scholarship contract condition however he/she confronts an inevitable event and consequently unable to achieve the contract condition, the president by the consent of Personnel Management Committee, may consider an exemption or assign additional conditions on case-by-case basis.

31. In the case that the university staff or external person dies, is disabled, or has a severe illness or other relevant event with a health certificate from Walailak University Hospital, or other certified medical facilities, indicating that such person is a disabled person or inappropriate to work, with a consent of Personnel Management Committee, he/she shall be exempted for the scholarship liability and penalty payment. However, if it is found at a later that such person is working for other public or private agencies, international or overseas organizations or self-employment and has received salary, income or other benefits not less than the income previously received from the university, such person shall be recompense for the scholarship liability and penalty payment as specified in the second paragraph of Article 30 (2.1) or third paragraph *mutatis mutandis*

32. The university staff who has been approved for the provision of training/educational visit/conducting research must work in reparation for the scholarship received from the university or other source of funding during his/her absent period and such length must not less than double duration of receiving salary, scholarship or other support money.

In the case that aforementioned work duration for reparation can only be partially completed, such staff shall repay the rest of the reducible monetary amount of an incomplete period instead plus reducible penalty payment.

In the case that such staff is unable to provide reparation work, he/she must immediately repay monetary amount to the university or other source of funding as specified in a scholarship

contract. The total amount of payment must not less than double amount of support money received from the scholarship grantor.

33. The calculations of reparation time to serve the university shall be calculated from the first day of work cessation to pursue the approved provision (study/educational visit/training/conducting research/ or attending language training/ pre-requisite course for such actions) to the day before returning to work at the university.

For external persons, the calculation is from the day of his/her appointment as the university staff until the last day of the reparation time specified by the university or source of funding.

For the university staff or external persons who have been granted financial support under the Academic Staff Development Project, the time calculation must be done in compliance with the consent of Personnel Development Committee.

34. During the pursuing time of the provision of study/educational visit/training/conducting research, the university as a scholarship grantor shall have rights to cease financial support and terminate the contract for the university staff if it is found that he/she violates the contract. In this case, he/she must immediately repay the monetary amount to the university or other source of funding. The total amount of payment must not less than double amount of support money received from the scholarship grantor throughout the absent duration to pursue such provision as a penalty payment. The scholarship cessation or termination shall happen as a result of the following actions:

- (1) Committing any misconducts or unacceptable behaviors
- (2) Violating the contract or having unsatisfactory study result
- (3) Violating the university regulations leading to disreputability
- (4) Committing disciplinary misconducts and consequently be dismissed or be terminated of employment contact as a result of ignorance
- (5) Committing any action that is contrary to public order or good morals
- (6) Having physical or mental illness certified by a medical practitioner
- (7) Other improper actions specified by the university

In the case that the university has ceased or terminated the scholarship granted to external persons due to any misconduct as stated above or stated in the contract condition or by the source of funding, he/she shall have a liability for penalty in compliance with the university announcement, scholarship contract and/or condition specified by the source of funding.

### **Transitory Provision**

35. This provision does not apply to staff who had been approved for the previous provision on Walailak University Regulation on Provision for Study/Training/Educational Visit/Conducting Research B.E.2545 and its relevant announcements issued before the enforcement of this regulation.

The university staff under the abovementioned provision shall receive full salary payment from the date following the announcement date. The payment shall be made on the salary rate received before the approval date, throughout the approved period.

36. The Personnel Development Committee that has been appointed under the Walailak University Order No. 591/2561 dated 6 June 2018 shall has authority according to this regulation until the term is expired or further updated appointment.

37. In the event that the criteria, methods, guidelines, procedures, or other principles have not yet been stipulated to act in accordance with this regulation, the university shall apply the Walailak University Regulation on Provision for Study/Training/Educational Visit/Conducting

Research B.E.2545 and its relevant announcements to enact mutatis mutandis if not contrary to the present regulation until further updated revision.

Announced on 25 February 2021

( Professor Dr. Wichit Srisa-an )  
Chairman of Walailak University Council
